

PUBLIC NOTICE

INVITATION TO A VIRTUAL STAKEHOLDER ENGAGEMENT

The Botswana Medicines Regulatory Authority (“BoMRA”) was established under the Medicines and Related Substances Act, with a mandate to regulate medicines, medical devices, and cosmetics to promote human and animal health, and ensure that the medicinal products meet the standard quality, safety and efficacy. In our endeavor to carry out the above function, BoMRA will undertake a stakeholder engagement of the Medicines and Related Substances Act, its regulations, and associated guidelines.

The Import/Export unit under the Department of Licensing and Enforcement will conduct a virtual stakeholder engagement to discuss the guideline for Import/Export of medicines. The stakeholder engagement targets all the relevant stakeholders inclusive of Couriers, Clearing Agents and Cross Border transporters involved in the supply chain of medicine.

The virtual session is scheduled for:

Date: Friday 30th August 2024

Time: 0900hrs to 1300hrs
